SSA recognizes the prevailing situation of girls' education in the country and the goals of SSA retain a clear focus on bridging and eliminating gender differences in enrolment, retention and quality of learning. A two-pronged gender strategy has been adopted to make the education system responsive to the needs of girls through targeted interventions which serve as a pull factor to enhance access and retention of girls in school and on the other hand to generate a community demand for girls education through training and mobilization.</p> <p>Besides, the States / UTs have been advised under SSA to give primacy to opening of 'Girls only' upper primary schools keeping with the State government policy, in areas where there is such a demand under SSA. Eight States/UTs namely Andaman &amp; Nicobar Islands, Bihar, Himachal Pradesh, J&amp;K, Orissa, Punjab, Rajasthan and West Bengal have opened 'girls only' Schools at the Upper Primary Level. Under SSA the following works have been taken up since 2006-07 up to 2016-17 in the minority concentration districts:</p> <ul style="list-style-type: none"> <li>• <b>Primary schools constructed: 16,279</b></li> <li>• <b>Upper primary school constructed: 8,176</b></li> <li>• <b>Additional classrooms constructed: 2,42,128</b></li> <li>• <b>New primary schools opened: 21,486</b></li> <li>• <b>Upper primary schools opened: 11,871</b></li> <li>• <b>No of teachers sanctioned: 1,25,386</b></li> <li>• <b>No. of KGBVs functional: 554</b></li> </ul> <p>The total outlay of SSA in 2016-17 was Rs. 72,949.01 crore, out of which Rs. 14,328.05 crore (19.29%) was earmarked for minorities. KGBVs are opened in Educationally Backward Blocks (EBBs) with a rural female literacy rate below the national average (46.13%) as per Census 2001. The KGBV scheme provides for appointment of Urdu teachers also. Besides, the Urdu teachers available in the system can also be deployed in KGBVs.</p> <p>A range of strategies and interventions have also been evolved that were designed to improve Muslim girls’ participation in education, at building systemic responsiveness, motivating girls and their parents and forging partnership with community-based groups for girls’ education. 1.	An expert Group will be set up to examine and determine the structure and functions of an Equal Opportunity Commission (EOC).  <b>-Ministry of Minority Affairs</b>	In pursuance of this decision, an Expert Group was set up on 31.08.2007. The Expert Group submitted its report on 13.03.2008. Based on the Expert Group Report, recommendations of Group of Ministers constituted for this purpose and comments/ inputs received from various stakeholders, a proposal for setting up of Equal Opportunity Commission (EOC) has been prepared. The Cabinet in its meeting held on 20.02.2014 approved the proposal to set up the EOC for minorities through an Act of Parliament.  However, after formation of the new Government after General Election 2014, the proposal was re-circulated for inter ministerial consultation for obtaining views of the new Government on the proposal. Issues raised by MHA are being examined in consultation with M/o Law & Justice.	<b>The decision per se is implemented.</b>  However, the proposal for setting up of EOC is under consideration.
2.	An expert group will be set up to recommend an appropriate "diversity index" to promote diversity in living, educational and work spaces.  <b>-Ministry of Minority Affairs</b>	An expert group on diversity index was set up as per the decisions of the Government. The purpose was to, inter-alia, develop and devise a transparent and acceptable index to measure diversity in the areas of education, government and private employment and housing. The expert group submitted its report recommending, among other things, a conceptual framework of the diversity index and its construction. Since the proposal for setting up of EOC was already under consideration, the concept of having a diversity index has been subsumed in the proposal for setting up an EOC.	<b>The decision per se is implemented.</b>  However, the idea of diversity index is under consideration along with the proposal of EOC.
3.	A National Data Bank (NDB) will be set up where the relevant data for various socio religious communities (SRCs) will be maintained.  <b>-Ministry of Statistics and Programme Implementation</b>	MoSPI has created a National Data Bank web page on its website where approximately 200 various tables on SRCs viz. population, education, health and labour & employment (Census 2011 and Census 2001) have been uploaded under the link "National Data Bank" that also contain a few National Sample Survey reports having data on SRCs. This integrated repository will provide state-of-art decision support infrastructure with online analytical processing (OLAP) capabilities, such as providing multi-dimensional sliced / diced views of data across various dimensions of interest. It will also provide extensive integrated metadata support across all layers of data for which a Data Centre will be established in the Computer Centre, MoSPI to maintain the Data archive.</p> <p>MoSPI had observed that the utility of NDB may be enhanced through active coordination between MoSPI and the Ministry of Minority Affairs in designing the NDB template, identification of subjects and collection of relevant data. Accordingly, a group of officers was formed in MoSPI to discuss issues relating to the need of a proper interface on NDB webpage to properly manage SRC data on various domains.</p> <p>MoSPI has further opined that the Ministry of Minority Affairs may set up a statistical cell headed by a senior officer for effective coordination of data on minorities from various Ministries / Departments / State Governments.</p>	
4.	<p>An Autonomous assessment and Monitoring Authority (AMA), to evaluate the data maintained by National Data Bank will be set up in the Planning Commission.</p> <p><b>-NITI Aayog (erstwhile Planning Commission)</b></p>	<p>In pursuance of the decision of the Government, an Assessment and Monitoring Authority (AMA) was set up in the Planning Commission. The AMA set up three Working Groups. After detailed discussions on the reports of the three working groups, the report of AMA was finalized and approved in the meeting chaired by Dr. Syeda Hamid, the then Member, erstwhile Planning Commission on 02.05.2014. Broad recommendations made by AMA were examined in MoMA and appropriate actions taken.</p> <p>One of the recommendations made by AMA is the that it should be made into an institution with a separate Secretariat under the erstwhile Planning Commission for concurrent assessment and monitoring of various welfare schemes / programmes of the Government. This recommendation of AMA was referred to NITI Aayog (successor of Planning Commission) to institutionalise the system of AMA under the aegis of NITI Aayog. However, the NITI Aayog has viewed that the composition and organisational</p>	<b>Implemented.</b>

		structure of NITI Aayog is different from the erstwhile Planning Commission and as such AMA may not fit into the functions assigned to NITI Aayog under the amended Allocation of Business Rules. It has suggested that the Ministry of Minority Affairs (MoMA) may take a view regarding location of the AMA as well as its structure and functions. The matter is under consideration in the Ministry of Minority Affairs.
